

Chronic Disease Management Network (cdmNet) Specialists Guide

Chronic Disease Management Network cdmNet is a care coordination tool that is being used in TrueNTH Program. It enables the Care Team to access and contribute to the Man's health record and care plan in a collaborative manner.

Equipment and Set up

1. A computer (desktop,laptop,ipad etc)
2. Internet Connection

Need more Help?

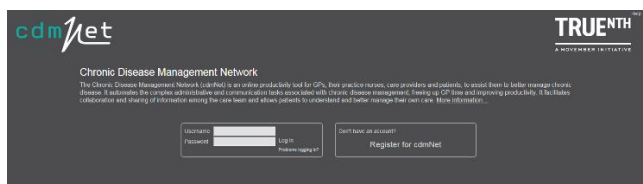

Email your questions or problems to:
support.au@truenth.org

Access cdmNet

cdmNet can be accessed via the TrueNTH navigation page
<http://www.truenth.org.au/clinical>

Click on the cdmNet tile. The cdmNet login screen will display.

Log in to the cdmNet with your username and password.

Note: the temporary password is only valid for seven days.

When you login into cdmNet for the first time you are presented with the terms and conditions of use.

Accept the Terms and condition of use.

Bookmark cdmNet in Google Chrome

Click on the Star  icon in the address bar.

Bookmark cdmNet in Internet Explorer

Click on the Favourites button  then click Add Favourites.

Summary of Tabs in cdmNet

Contacts	View Health Insurance, Patient Nominated Contacts, Primary Care Provider, Care Team information
Health Summary	View The Patients Current and Past Medical History, Medications, Adverse Reactions when recorded in the GP Clinical desktop system.
Measurements	View and Add Measurements, Observations, Test Results, Lipids
Planning	Create, Update the Care Plan(Only displays after a Care Plan has been created
Care Team	View and Add Care Teams who will contribute to the Care of the Participant.(Only displays after a Care Plan has been created)
Documents	View and upload Documents
Assessments	Create and upload tools/scales that identify the specific needs of a person
Reports	Access Reports
Progress Notes	View and Add Progress Notes
Education	Access Education links

Access a Patient Health Record

1. From the Patient List, click on the Patient Record. (1)

Patients

You are currently involved in the care of the following patients.
(A # indicates that you are the primary care provider.)
